FREE KINDERGARTEN

From 2023, the Victorian Government is making kindergarten programs free for three and four-year-old children. Free Kinder is a critical component of the Victorian Government's Best Start, Best Life reform.

Funding for your child's free kinder program is provided to our service directly from the Victorian Government, so you will not be required to make any fee payments for three and four-year-old kinder programs (you may be required to pay the registration fee only).

In line with the Victorian Government's requirements for Free Kinder, your child can access a 15-hour kindergarten program (or shorter Three-Year-Old Kindergarten program where less than 15 hours are offered) for free.

Your child can only be funded for a kindergarten program place at one service at any one time and only for one year in a Three-Year-Old Kindergarten program and one year in a Four-Year-Old Kindergarten program (unless your child is assessed as being eligible for an additional year of Four-Year-Old Kindergarten by your child's kindergarten teacher).

If your child is enrolled to attend our Three-Year-Old Kindergarten or Four-Year-Old Kindergarten program, we can only claim kindergarten funding including Free Kinder payments for your child if this is the only Victorian Government funded kindergarten program, they are enrolled in.

Funded kindergarten place declaration

The Victorian Government provides funding to kindergarten and long day care services to deliver high-quality kindergarten programs in the two years before school. This helps to ensure all Victorian children get the best start in life.

The Victorian Government also provides Free Kinder funding to your service for children enrolled in a funded kindergarten program. This saves you and your family up to \$2,050 per year. To pass on this saving, your service will provide you with regular deductions off your fees throughout the year.

Your child can access one funded year in a Three-Year-Old Kindergarten program (between 5 and 15 hours per week) and one year in a Four-Year-Old Kindergarten program (15 hours per week).

Your child can only access one funded kindergarten program at a time. This means that only one service can claim kindergarten funding for your child and pass on the Free Kinder savings. If you accept a funded kindergarten place at more than one service and both services receive funding, you may be required to repay the funding and may lose your child's place in one program.

Please complete the form below and return it to your service to let them know where you are claiming your child's one funded kindergarten place in 2026.

Kindergarten information sharing

Information for families with children enrolled in a funded kindergarten program

Each year, kindergarten providers collect information about the families and children enrolled at their services. This includes sessional kindergarten and long day care services that offer a kindergarten program. This information is shared with the Department of Education (the department) if your child is enrolled in a funded kindergarten program.

How the department uses your information

The department uses your information to:

- work out how much funding to pay to your service to help them deliver the kindergarten program.
- plan any changes to funding and supports for services and families and help local councils plan their early childhood services.
- link kindergarten information with other Victorian Government information to help plan supports for Victorians. Data linkage is done in a safe way to make sure that your child's name is **not** linked to the enrolment information used for analysis.
- complete the Annual Kindergarten Census. Some enrolment and attendance information is shared with the Australian Bureau of Statistics so that they can report on the numbers of children attending kindergarten in Australia each year. This information is anonymous, meaning your child's name is **not** shared.
- help academic researchers study part of the childcare or kindergarten system in Victoria. If those researchers are approved, they may have limited access to anonymous information.

Any agency or researcher, whether it's the Australian Bureau of Statistics, or a researcher at a university, must meet strict criteria on how they use and store this information, even when it's anonymous.

Information sharing and Free Kinder

Occasionally, data needs to be shared without making it anonymous.

In Victoria, Free Kinder is available in funded kindergarten programs. Many children receive Free Kinder through their long day care service. Accessing Free Kinder means that those families will have their long day care out-of-pocket fees reduced.

To do this, the Australian Government requires that some information about those children is shared with them including a child's name, gender and Free Kinder funding amount received from the Victorian Government.

If you receive the Child Care Subsidy (CCS), the Australian Government already has most of that information. Sharing this information with the Australian Government simply lets them know that your child is attending a state-funded kindergarten program and the amount of Free Kinder offset applied to your fees.

Information may also be shared with an organisation engaged by the department to monitor and ensure that families are receiving the full benefit of Free Kinder.

The department must share information that is not anonymous where required by law.

Privacy policies

All information is handled in accordance with the Department of Education's [Privacy Policy](#) and relevant privacy legislation including the *Privacy and Data Protection Act 2014 (Vic)* and the *Health Records Act 2001*.
